## 讓興趣帶動熱誠，敢於挑戰

Eric是一位輕度智障的男生，他很喜歡花草，看著它們成長倍覺開心。於是在2018年加入公益金資助的匡智松嶺村hc: farm，接受農務及園藝職業訓練，隨後更擔任園藝助理。

儘管園藝工作日曬雨淋，也無損Eric的熱誠，每天努力做好本份。在導師眼中，Eric既勤奮又刻苦耐勞，縱面對困難的工序時，如需以相當大的體力方可應付的剪草機工作，亦會嘗試克服，盡力執行指令。

Eric性格內斂很少跟別人交流，但當提及他的喜好和興趣時，便會滔滔不絕，十分樂意與人分享園藝保養工作和負責的步驟。記憶力不俗的Eric曾在協助展銷工作時，向客人說明如何分辨不同種類的盆栽及其特質。他更向大眾講解有機種植事宜，藉此推廣環境保護及健康飲食。

Eric正在就讀職業安全及健康課程，為將來就業做好準備。從Eric自信的笑容，對園藝的喜愛，可見hc: farm協助Eric探索到自己的喜好和工作發展方向，裝備自己接受新挑戰。

## Keep Up the Passion Face New Challenges

Eric is a young man with mild intellectual disabilities. He is a plant-lover and always feels happy when the plants are growing in good. In 2018, Eric joined the Hong Chi Association hc: farm funded by The Community Chest. He received professional and comprehensive occupational training on farming and gardening, and became the gardening trainee in the farm upon placement.

Even there were a lot of difficulties in his daily tasks like carrying a heavy grass cutter, he always kept up the good work with his passion and followed the trainer's instruction to complete the tasks.

Although Eric has a reserved personality and rarely interacts with others, he is very willing to share his enthusiasm for gardening and his work routine and could remember different characteristic of plants. When Eric was helping in the sales day, he tried to introduce plants selling and knowledge of organic farming, promote environmental protection and healthy eating.

Eric is taking a course about occupational safety and health to get well-prepared for future employment. It is well-proven that hc: farm has helped Eric to explore his interest and to equip him for career paths.
